I'm Jan, a videographer based in Bern, Switzerland. I started filming trampoline and snowboard videos in 2011. After completing my apprenticeship as a mediamatician in 2018, I began working as a freelancer on projects in corporate, sports, events and animation. On a cycling trip in 2021, I discovered documentary filmmaking and told the story of my experiences and impressions in a personal travel series. I then spent a year and a half at a film agency in Chur, gaining hands-on industry experience. Today I'm working as a freelance videographer in Bern again, and alongside commissioned work I want to grow further in narrative and documentary film.
